DETAILED ACTION

Allowable Subject Matter

Claims 2-6, 8 and 9 are allowed. The following is an examiner's statement of reasons for allowance: The prior art alone or in combination fails to teach all limitations of independent claims 3 and 9, including a hair removing device comprising an epilating and shaving head, and wherein the motor comprises an output rotor carrying a noncircular joint for connection to a coupler which can slide along the axis of the joint while keeping a driving connection therebetween, and first and second linkages provided to shift the epilating members while simultaneously rotating the epilating cylinder along a center axis and wherein the cutter can reciprocate at a higher frequency than a rotational speed of the cylinder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
